Master in European Law and Policies

The aim of this distance learning Master's course in European Law and Policies is to train an interdisciplinary expert in European law and policies, providing him/her with operational and professional skills needed to participate in the various stages of the drafting and implementation of the European policies. The Master also aims to deepen the topics related to the main European policies and to provide students with the necessary theoretical and practical tools to understand the decision-making processes of the different European institutions. Moreover, the programme provides an important deepening of the themes concerning Europlanning. This multi-disciplinary educational approach is strictly coherent with the aim of supplying students with skills suited to the transnational dimension of these issues. The Master in European Law and Policies is aimed at all students holding a university degree and wishing to enhance their specific knowledge of the dynamics regulating the implementation of the European Community's activities, especially in a legal and administrative perspective. In particular, the Master can train new experts in this field and transfer the competences required to create a professional able of identifying and obtaining European funds in the framework of the official programmes of the European Commission. The Master represents a very good opportunity for training and vocational re-training for operators working in NGOs, private companies, consulting firms, Ministries and other public bodies at local and national levels.
