

## CV Resume of Claude GAUBERT – Professor ENSPG-INPG

---

Claude GAUBERT received the engineer degree of INP Grenoble in radioelectricity in 1968 and the “Doctorat d’Etat” in physics (surface physics) in 1977. Since 1968 he is teacher at INP Grenoble, as assistant professor from 1968 to 1983 and professor since 1983.

As teacher in the school of physics (ENSPG: Ecole Nationale Supérieure de Physique de Grenoble) of the INP Grenoble, Professor C. GAUBERT exercised in different field of physics: surface physics, solid state physics, microwaves and now in semiconductor physics and devices and optoelectronic devices for undergraduate and graduate students.

Since 1983, Professor C. GAUBERT has assumed different responsibilities: director of ENSPG from 1986 to 1992, Vice-President of INP Grenoble from 1987 to 1992 and from 1997 to 2002, Director of the CIES (Centre d’Initiation à l’Enseignement Supérieur) of the “Académie de Grenoble” from 1997 to 2001. He is now in charge for INP Grenoble of the Minatec project in Grenoble (a new scientific and industrial centre in micro and nanotechnology).

The research activities of Professor C. GAUBERT has concerned surface physics and then opto-microwaves devices. He supervised several PhD thesis and was author/co-author of 50 scientific papers and communications.
